

UDIA Innovation Summit

Inspiring new ideas for better Urban Development

Thursday 21st June
Tonsley Innovation District

THE DAY

SPEAKERS

A DAY OF INNOVATION THAT YOU CAN'T AFFORD TO MISS:

- Easy access to parking and breakfast upon arrival
- Relevant, concise and engaging innovation sessions
- Networking lunch - to meet and talk to other delegates and speakers
- Tour of the UDIA National Award winning precinct
- Tonsley Innovation District 'Connections' hosted networking drinks - meet and mingle with SA's most innovative companies

Catherine Caruana-McManus
Meshed. From the Internet of Things (IoT) to a road map to develop SMART precincts.

Colin Keane
Research4. Does Adelaide have a Global handshake that will support its future housing market?

Philipp Dautel
Tonsley Precinct. The journey so far, what's just landed and the future ahead for this innovation hub.

Richard Turner
Zen Energy. Rapid transition to new low cost and clean energy for developments.

Rocco Zito
Flinders University. Driving the disruption, autonomous vehicles and the future urban infrastructure.

Tim Riley
Property Collective. How community led development can help shape Australian Cities.

Nick Hewson
X-Lam. How to grow buildings from air – the future of mass timber construction.
