Important insights
into Urban
Development

Introducing the Knowledge Series

We've listened! You told us you wanted more meaningful information, more often and to be more accessible. The UDIA is proud to launch the **2018 Knowledge Series** – monthly **members-only** morning event sharing important insights in Urban Development with 10 events in 2018 – at the same time and same day each month so you can lock in your regular update.

These sessions will cover current and relevant subjects and provide the opportunity to hear from industry experts who otherwise would often just present behind closed doors.

Reasons you need to include the Knowledge Series in your plans for 2018

- > Keep up to date on the latest and greatest in Urban Development Trends - operational + inspirational + aspirational
- > We will bring you the context, the reasons and importantly the knowledge that you need
- > Provides managers a practical and cost effective professional development option for staff
- > Allows you to book them in for the year, fits into everyone's busy calendar
- > Tickets are transferable, can't come, send someone else
- > Receive take away material from every session to share with your organisation
